Highlights in GI Oncology 2024

FEBRUARY 23-24, 2024

Rosen Shingle Creek,
9939 Universal Blvd. Orlando, FL 32819

OVERVIEW

Highlights in GI Oncology is a program designed to provide the latest science and education from the world's premier GI oncology event, the ASCO Gastrointestinal Cancers Symposium. The abstracts selected for presentation and discussion reflect the foremost research and strategies in oncology that will impact clinical practice and patient care.

The program features in-depth discussion and analysis of the latest scientific findings and practice-changing advances in GI cancer treatment. Expert faculty will review the findings, discuss the results potential impact on the current standard of care, and apply the results within the clinical context of a patient case.

INTENDED LEARNERS

This CME initiative is designed for oncologists, surgeons, radiation oncologists, NPs, PAs, pharmacists, nurses, and other healthcare professionals involved in the treatment of patients with GI cancers.
